## Frequently Asked Questions

### What if there's not enough money in my account?

If you charge more than the available balance in your account, the transaction will be denied. You can find your balance online at [www.fbanational.com](http://www.fbanational.com). Review your account balance regularly to avoid denied charges. If you would prefer to submit a claim manually, you can download a claim form at [www.fbanational.com](http://www.fbanational.com).

### Do I need the receipts?

Possibly, so please save all of your itemized receipts! For some expenses, we may need additional information, including receipts, to verify eligibility of the expense and to comply with IRS rules. That's why it's important for you to save all receipts, then fax or mail them to us promptly if required by our claims department. If you don't comply, FBA could be forced to declare those expenses ineligible.
